The So-called Foreign Circus Has

Trouble With Its Bandmaster.

ATMA, Aug. 24.—After the so-called

Foreign circus last Thursday, George

M. Cooper, bandmaster of the band, de-

again attacked and so badly beaten as

to be hardly recognizable, receiving in-

juries from which he may never re-

cover.

He got the sheriff and went after his

pay again, this time receiving \$150 in

cash, and two notes for \$225 each. He

afterwards made complaint against two

of the circus men, C. C. Warrell and Mr.

Stoddard, for assault and battery, and

Sheriff Patente and D. M. Gardner went

to Oange City after the men, but failed

to find them, they having been notified of

the intended arrest.

OTHER STATE NEWS.

Government Building at Salina to Be Begun This Fall.

LAWRENCE, Aug. 25.—The will of the late Governor Charles Robinson was filed in probate court. It was made April 12, 1893, and makes his wife, Sarah T. D. Robinson, Judge Chas. Chadwick and W. H. Sears, executors.

By the terms of the will all personal and real estate is bequeathed to his wife during her life. Then it is to be disposed of as follows: To nieces Emilie H. Mason and Mary L. Robinson \$5,000 each; to niece, Belle R. Fellows, the use of \$5,000 during her life; to Phoebe Beeman, niece, \$1,000; to the children of Nettie H. Hill, sister, \$1,000; to Frank H. Lawrence, Boston, \$5,000; also the use of \$5,000 additional during his natural life; and the remainder of my estate both real and personal, including that the use of which is given to Belle R. Fellows and F. H. Lawrence during their lives is hereby given and bequeathed to Kansas State University.

There was considerable property left by Governor Robinson, it is estimated between \$175,000 and \$200,000, and this will probably give Kansas University a bequest amounting to over \$150,000, which will become available in the future. The property consists largely of real estate of which it is said there are 1,300 acres. The other part of the estate is personal property.

JEFF HUDSON ON LABOR.

Movement to Found Labor Headquarters in Washington Will Be Successful.

WASHINGTON, Aug. 25.—Since the failure of the great A. R. U. strike there has been a manifest tendency upon the part of the labor leaders to urge their followers to unite for the betterment of wage earners in politics. President Debs of the A. R. U. has been claiming this as their worst course. Representative Hudson of Kansas said today:

"I have no doubt this movement to found headquarters of the labor organizations here in Washington will be successful. The true friends of laboring men have always advised them to avoid strikes and have recourse to the ballot for the betterment of their condition as a class. There is a greater tendency toward united work among the different organizations at this time than ever before.

"This tendency was manifested in the petition for the free coinage of silver and against interest on bonds, which was recently presented to the house from united labor."

It is understood that the organization will maintain agents here to look after their political interests, as some of them do now, but that these representatives will be expected to cooperate with the furtherance of legislation deemed to be for their interests.

FOR MALPRACTICE.

A Topeka Doctor in the Tolls For That Offense at Chicago.

Dispatches from Chicago indicate that Dr. E. R. McIntyre, formerly of Topeka, has been arrested there on the complaint of the coroner for malpractice.

The doctor attended a woman who died in giving birth to twins, and for the had left the house it was found that the woman had not been properly treated. Dr. L. J. Mitchell held a post mortem examination and testified before the coroner that he found the woman mutilated in a shocking manner by the attending physician's knife. The doctor said that he had been called to the house and had ever come under his notice, and that death had resulted from shock and hemorrhage. During the post mortem Dr. Mitchell found in the body a large gold ring, which was said by Dr. Flood to have been the property of Dr. McIntyre.

When told of the matter Dr. McIntyre appeared greatly astonished and said he had done nothing unusual in treating the patient. He says he is ready for an investigation by the court.
